Scope and Content Note:

This bulk of this collection has been organized by Sport then divided into Series based on content type; the files within each series are then organized either chronologically or alphabetically. This collection also includes records from the **Athletics Department, Athletics Booster Clubs, Cheerleading, and Intramural Sports.**

Please see the following interactive **Table of Contents** for more detail and navigation.

Restrictions:

For access to **Athlete** files, please contact the Archivist at 863-680-4453. Athlete files will only be released to the athlete or by their permission for 25 years after the graduation year of the subject.

Athletics Coaches and Staff files are also restricted.

Note to Researchers:

For sports seasons, years are written as academic years (Fall to Spring) in order to include materials from the entirety of the season, including preseason and postseason events. For example, the Spring 2002 Baseball season is written as 2001-2002 in order to include materials from any Fall 2001 training sessions. Please see the reference list following the **Table of Contents** for the respective season for each sport.

Please note that due to the ongoing, growing nature of this collection, box numbers may not be sequential within series as new materials are added.
