

P3 SUGGESTED SEQUENCE

Below is for information purposes and represents the suggested sequence to complete the pre-professional program; alternative sequencing is possible. Additional requirements necessary for completion, see the Pre-Professional Program Guidelines for full details.

PART 1 – PREPARE TO APPLY TO P3

First Year (Fall & Spring)

- Attend the Pre-Health 101 Workshop (*available in Fall or Spring*)
- Take PHP 1997: Introduction to Health Professions (*available Fall or Spring*)
 - Complete the online HIPPA Training
 - Complete the online Global Ambassador Training
- Participate in at least one of the following extracurricular activities: Alpha Epsilon Delta (**strongly recommended**), leadership experience, competitive internship or summer REU, intercollegiate athletics, or related employment.
- If workload allows, begin obtaining professional observation hours and/or community service hours
- Take required science courses and maintain required GPA
- Have resume reviewed by the FSC Career Center or the Science and Pre-Health Career and Internship Coordinator

Second Year (Summer & Fall)

- If you have not already, begin participating in professional observation and/or clinical exposure (*you must complete a minimum of 50 hours by January 15th of second year*)
- If you have not already, begin participating in community service (*you must complete a minimum of 20 hours by January 15th of second year; cannot “double dip” with professional observation/clinical exposure*)
- Take required science courses and maintain required GPA

*By January 15th of the Second (or Third) Year:
Apply to P3*

PART 2 – PREPARE TO COMPLETE P3

Second Year (Spring) & Third Year (Summer, Fall, Spring)

- Attend the Crucial Year Workshop (*available in Fall*)
- Attend the Interview Workshop (*available in Fall and Spring*)
- Attend the Gap Year Workshop (*available in Fall*)
- Complete a *minimum* of 100 hrs of professional observation and/or clinical exposure (*since the start of first year*)
- Complete a *minimum* of 40 hrs of community service (*since the start of first year; cannot “double dip” with professional observation*)
- Participate in a mock interview
- Write personal statement and complete a personal statement review with the Science and Pre-Health Career and Internship Coordinator
- Take required science courses and maintain required GPA

*By March 15th of the Third (or Fourth) Year:
Apply to Complete P3*

Students who complete P3 will receive recognition of their accomplishments including a distinctive graduation honor cord and will be provided with a letter of evaluation (commonly referred to as the committee letter) from the Pre-Professional Advisory Committee.
